

Product Description

DS-800 Solvent – a cost effective general degreasing solvent especially good at removing hydrocarbon soils such as oils, greases, tars and cutting oils as well as common shop contaminants. **DS-800** evaporates rapidly at room temperature leaving a perfectly clean surface ready for painting, coating, bonding, sealing or final assembly.

DS-800 is an excellent general purpose cleaner for use in aerospace, automotive and equipment maintenance applications. The high purity and dielectric strength of **DS-800** makes it the perfect solution for cleaning electrical equipment. It is also an excellent cold dip for cleaning small parts.

DS-800 Benefits

- Excellent cleaning effectiveness
